

The **3DP** Precision DIGITAL PRECISION Custom-fit Occlusal Appliance

Starting at:

\$79

MOST ACCURATE FIT WITH IMPROVED PATIENT COMFORT

THE 3DP OCCLUSAL APPLIANCE

combines the accuracy of a laboratory made splint/nightguard with the ease of a boil and bite appliance. Instead of just softening to temporarily engage undercuts, the 3DP Occlusal Appliance will:

- **re-form to subtle differences in patients dentition**
- **compensate for slight variances in impressions**
- **compensate for deformities caused by plaster expansion**

Digitally Designed and 3D Printed

The 3DP Occlusal Appliance is a digitally-designed and **3D Printed** for the most accurate, affordable appliance possible.

3DP Occlusal Appliance Options:

- WearGuard Splint
- Flat Occlusal Plane Splint
- Full Contact w/Anterior Guidance Splint
