

Introducing the
ZURICKBRIDGE
BY PRECISION^{ELITE}.

Finally, an esthetic alternative. Our ZurickBridge is a unique combination of materials that together provide your patients with a high-strength, metal-free alternative to traditional dental prostheses.

Groundbreaking in simplicity and durability, our ZurickBridge makes it possible for you to finally deliver functional prostheses that seamlessly blend the art of dentistry with the science of modern materials.

Zurick
BRIDGE

IT ALL STARTS WITH

PRECISION
Elite

Our innovative ZurickBridge provides:

- exceptional metal-free esthetics,
- amazing strength and durability,
- perfect placement for your implant cases,
- a precision fit with CAD/CAM and Press technologies.

At PrecisionElite, we offer multiple design capabilities for all types of cases. From zirconia to titanium, we have the solution for all your fixed and removable prosthetic needs.

Call 208-733-0383 today and we'll tell you how *it all starts with PrecisionElite.*
