TERMS AND CONDITIONS

TERMS:

All invoices are due 15 days from invoice. At day 30, credit card on file will be charged. We accept Mastercard, Visa, American Express, and Discover. A 1.5% interest charge (18% per year) will be added to all invoices not paid by the due date. If legal action is required to obtain payment, Precision Dental Arts is entitled to attorney fees.

LIABILITY RELEASE STATEMENT

Precision Dental Arts provides appliances and laboratory services as prescribed by a licensed Dental Practitioner. We can assume no responsibility for techniques used and their use and/or misuse by the prescribing doctor, staff, or their patients.

APPLIANCE WARRANTY AND CONDITIONS

Our ability to provide a quality appliance begins with YOU. Please take the time to provide us an accurate set of working casts and a construction bite. Although we pride ourselves in our craftsmanship, our appliances are only as good as the records provided for their fabrication.

Precision Dental Arts is responsible only for the custom fabrication of dental appliances in accordance with provided specifications. We can only guarantee that our custom made appliances will fit the working cast(s) provided for their construction. **IMPORTANT NOTE:** SML does not warrant appliances fabricated from digital scans that are older than 60 days.

Materials and workmanship on all appliances are guaranteed for 90 days. If an appliance fails within this period, Precision Dental Arts will remake or repair the appliance at no charge. This warranty does not cover appliance loss, changing protrusive bite position, patient abuse, patient dissatisfaction or changes in the dentition during this period that would necessitate the need for a new appliance. All returns are subject to taxes, as well as regulatory compliance fees, model pour-up fees, and shipping fees.

SLEEP APPLIANCE WARRANTY AND CONDITIONS

Hardware and workmanship on all custom-made sleep appliances are guaranteed for a period of 3 years. This warranty does not cover appliance loss, delamination of hard/soft material, patient abuse, or changes in the dentition during this period that would necessitate the need for a new appliance. All returns are subject to taxes, as well as regulatory compliance fees, model pour-up fees, and shipping fees.

REMAKES

IMPORTANT NOTE: While Precision Dental Arts understands that many patients depend upon their devices for improved and continued health, requests for a total remake - while the patient continues to use the current appliance - should be neither expected by the dentist nor promised to the patient.

If an appliance does not fit your patient, follow these steps:

1. Send us a new accurate cast(s) or a digital impression along with a new bite registration.
2. Return the appliance that needs to be remade along with the original working casts used in its fabrication. These casts were returned to you with the original shipment of the appliance!

3. If the returned appliance does not fit the patient and does not fit the original working casts, Precision Dental Arts will fabricate a new appliance on your new casts at **NO CHARGE**.
4. If the appliance does not fit the patient but does fit the returned original working cast, Precision Dental Arts will fabricate a new appliance on your new casts and charges will be incurred at our usual and customary fees.
5. Occasionally the working casts used in fabrication may become damaged to a point that you will be unable to check the accuracy and fit of our work. Should this happen Precision Dental Arts will document this occurrence and return a note with the appliance indicating "Models damaged during processing". If the appliance does not fit the patient, SML will remake the appliance at **NO CHARGE**. Simply follow steps 1 and 2 and write on the lab prescription slip that the case is a "broken cast remake".

WHAT IS NOT COVERED BY WARRANTY

- Cash refund or a credit for custom dental device
- Cost incurred for patient cancelling treatment
- Incidental or consequential damages, including inconvenience, lost wages, chair time, pain and suffering
- Improper adjustment of the appliance
- Concerns expressed to the doctor regarding impressions, bite registration, questionable indications and authorization for appliance manufacture
- Repairs and adjustments to reset a construction bite
- Repairs resulting from an accident, neglect, abuse or improper hygiene
- Changes in dentition; loss or removal of teeth; new restorations; failure of supportive tooth or tissue structures
- Partial or complete fabrication by a lab other than SML
- Expedited shipping costs
- Delamination of hard/soft material
- Changing protrusive bite position

WHAT IS REQUIRED FOR WARRANTY COVERAGE

NOTE: Revamping or modifying of a broken device is considered standard procedure for warranty cases.

- Original appliance, impressions/models and bite must be returned to Precision Dental Arts
- In the event of a fit problem, original impressions/models and bite must be returned in addition to new impressions and bite in the interest of ensuring accurate modifications and repairs to the original appliance.
- If new casts or impressions are required, simple refitting will be attempted under warranty. Should this necessitate a charge for unwarranted reasons, minimal or reasonable charges will be kept to a minimum or reasonably reduced level.
- Replacement screws and/or hinges may be provided in exchange for lost or defective screws and hinges - and will be credited upon return of the old parts.

WARNING

Many appliances are fabricated from stainless steel, nickel titanium and acrylic. Stainless steel contains small amounts of nickel and chromium. Nickel titanium contains nickel. Acrylic is processed with methyl methacrylate. A small number of the population is known to be allergic to these materials. Should an allergic reaction occur, advise the patient to consult a physician.

- **Precision Dental Arts is completely compliant with all HIPAA regulations** •
